SHORT SESSION OF CITY COUNCIL

Mayor Fisher Calls Attention to Condition of Fish Wharf Property.

ONLY NOMINAL RENT.

Resolution Adopted by Both Boards Looking to Amendment of Law Concerning Moving Pictures.

There was a brief session of the City Council last night, only a small volume of business having been presented. The Common Council was ready to adjourn a few minutes after that body had been called to order, and the Board of Aldermen were notified. The latter, however, had just convened and the lower board took a recess while waiting for papers from the Aldermen.

Board of Aldermen.

All the members save Mr. Field were on hand when the board was called to order.

After the reading of the minutes President Marbury submitted a communication from Thomas A. Fisher, Mayor, which will be found in full in the official proceedings, concerning the fish wharf property. His honor says the city realized fifty dollars on this property during the past year, and he suggests that the finance and Public Property Committees come together and take such steps as are necessary to preserve it, as its usefulness as a fish wharf seems to have ended. The Mayor says George E. Price & Co. paid fifty dollars for the use of the property up to October last. The Mayor in his communication emphasized the assertion that he intended no reflection upon the Public Property Committee in his observations.

Mr. Ballenger arose and said that if the Mayor would consult the chairmen of committee he would not be as quick to roast them in communications to Council. The matter of the fish wharf could have been satisfactorily explained to his honor. Price & Co. he said had paid fifty dollars, and William A. Smoot & Co. will pay fifty dollars more this month, as that firm is now using the wharf.

Mr. Hill said the Mayor was particular to state that he intended no reflection upon the Committee on Public Property, but merely called attention to existing conditions.

Mr. Ballenger said he wished Council would relieve the Committee on Public Property of the responsibility of the fish wharf. The place is gradually washing away, and when the committee asks for money to make repairs they are generally met with a could shoulder.

Mr. Hill said he had invariably voted for appropriations for repairs to this property.

It was finally determined to refer the Mayor's message to the Committees on Finance and Public Property.

Messrs. Hill and Summers desired to call up the ordinance, laid over at the last regular meeting, prohibiting the operation of a garage within 300 feet of any church, but, as Mr. Field fas absent, was determined not to bring it up until next meeting

The Aldermen, after concurring in the action of the Common Council on sundry papers, adjourned.

Common Council.

A resolution directing Corporation Attorney to prepare an ordinance defining exactly "crime pictures", was introduced by Mr. Smith who said that Corporation Attorney Fisher believed such an ordinance could be prepared and made effective. The resolution was adopted.

The committee on light recommended that an arc lamp be placed at the corner of Oronoco and Union streets, and a gas lamp at the corner of Fayette and Queen streets. This was ordered to be done.

Mr. Spinks asked about a report of a new roadway to the Glass works. He said that measures looking toward the improvement of North Fairfax street had been repeatedly introduced, but that the committee on streets had made no report.

Mr. Williams agreed with Mr. Spinks. He said that the city engineer had prepared an estimate of this work more than 15 months ago.

Mr. Marshall thought that something should be done at once.

Mr. Burke, of the committee on streets, agreed to bring the matter to the attention of that committee, and no action was taken.

Mr. Spinks wished to know why the city is now buying terra cotta pipe in Ohio when one of the largest terra cotto plants in the country is located here. No one seemed to be able to answer his question.

The communication from the Mayor in regard to the fish wharf was received from the Board of Aldermen. The measure was referred to the committee on finance and public property.

The president suggested that as $5.000 had been offered for this property the city would do well to sell.

Mr. Chauncey said that Smoot & Co., had offered $250 a year rental for this property but their offer had not been accepted, and that the offer of Mr. Price of $50 for the use of the wharf for a period of three months had been accepted. It did not seem to know why.

Mr. Marshall was opposed to the sale of this property, as it is the only water front owned by the city.

The action of the aldermen was finally concurred in.

An ordinance appropriating $3,500 for the purchase of the Black property on West street at the corner of Queen passed by the Aldermen was laid over under the law.

An ordinance to prevent the spilling of illuminating oils or gasoline on the streets of the city was sent to the committee on streets.

On recommendation of the finance committee $250 was appropriated for the use of the George Washington Birthday Association, this to include the cost of decorating the City Hall.

Mr. Harrison introduced a resolution directing the fire committee to make a thorough investigation of the failure of the water supply at the Bryant Fertilizer Company fire, and also the failure of the engine companies to go to the river for water. In a statement made by Mr. Harrison he said that he understood the companies were unable to reach the river on account of the trestle built across a city street, that the company building this trestle had specifically contracted with Council not to obstruct this street in any way. This resolution was passed.

The body subsequently adjourned.

SEEKING PARDON FOR ALLEN

Mount Airy Residents Prepare Petition in Behalf of Hillsville Clansman.

Richmond ,February 11—Govenor Stuart will shortly he presented with a petition asking him to pardon Friel Allen , the youngest member of the Hillsville clan which wipe out the Carroll County Circuit Court in March, 1912. Friel is now serving an eighteen-year term in the State Penitentiary for the murder of Commonwealth's Attorney W. M. Foster. Word has reached the Capitol from Carroll that the residents of Mt. Airy and the neighboring territory are uniting in the effort to have the Governor give Friel his freedom.

Friel Allen, who is seventeen years old, is the most popular member of the Allen clan with the people of Carroll County. The persons circulating the petition in his behalf say that the young man's share in the Hillsville tragedy was negligible, and that he did not join in the shooting until he had been fired upon by members of the court.

Sidna Edwards, twenty-two years old, another member of the Allen gang, who is serving a fifteen-year term in the penitentiary, is reported by Superintendent Wood to be in better health. He has been taken out of the shops and is given as much freedom of movement as is practicable.

TO ATTEND CELEBRATION.

President's Private Physician Will be In Alexandria on 23rd.

The George Washington Birthday Association has received a communication from Dr. Grayson, President Wilson's private physician, announcing that he will attend the celebration in this city on the 23rd instant.

The association is encouraged by Dr. Grayson's acceptance of their invitation, and are disposed to think the President will come here also, as Dr. Grayson generally attends his excellency wherever he goes.

JOINT COMMITTEE ON ENABLING ACT

Members Express Earnest Desire For Expedition on The Measure.

EARLY CONFERENCE.

Makeup of Committee Causes Considerable Comment—No Further Amendments Will be Made.

Richmond, Va., Feb. 11.—The Williams enabling act was shuttled back again to the Senate yesterday, shorn of every amendment that that body had engrafted upon it last week. With it came the report of the House of Delegates, transmitted by Judge Martin Williams, patron of the measure, that it has declined to concur in the adoption of any of the amendments ratified by the senate.

Upon receipt of this information the senate unanimously adopted a joint resolution offered by Senator Holt notifying the House that it insists upon its amendments, and requesting the appointment of a committee on conference. The resolution was concurred in by the House.

Lieut-Governor Ellyson appointed as members of the Senate committee on conference Senator Holt, of Newport News, chairman of the committee on Privileges and Elections; Senator Mapp, of Accomac floor leader, of the senate enabling act forces, and Senator Echols, of Augusta, chairman of the committee on finance.

As members of the corresponding committee from the House, Speaker Cox appointed Judge Williams,patron of the enabling act; Delegate Oliver, of Fairfax;leader of the antoprohibition forces in the House, and Delegate Barley, of Botetourt, who has consistely voted with the enabling act majority.

Senator Holt says that an effort will be made to get the joint committee together as soon as possible, and that it will probably hold a meeting today. Judge Williams expressed the same desire for expedition.

The make-up of the Senate and House conference committees afforded a topic for general speculation last night. Considered from the standpoint of the recorded vote alone, the committee county only two members who are opposed to the enabling act—Senator Holt and Delegate Oliver. Senator Mapp and Judge Williams are the Senate and House leaders, respectively, of the enabling act forces.

With the four members just enumerated offset against each other by reason of their opposite sentiments with regard to the passage of the act, the balance of power in the conference committee, it was admitted, rests with Senator Echols and Delegate Barley. Both of these voted for the bill. Senator Echols voted against the bill at the last session, and is believed to favor certain of the amendments rejected by the House.

The make-up of the joint committee was received on all sides with general satisfaction. While its nominal 4 to 2 majority in favor of the enabling act gives little room for encouragement to antiprohibition men, who hope for compensating amendments, it was regarded as probable that the conferees will make concessions to both sides in the compromise measure that it will report.

Whatever the form in which the bill will be reported by the conference committee, it will not be subject to further amendment. The conference report, under the rules, is indivisible, and must be accepted or rejected as a whole. In the event either branch should decline to ratify the committee report, it may ask for a second conference which would be final. The second conference,however,is seldom requested and will hardly be asked for when the committee appointed yesterday makes its reprot.

Mr. Robert S. Barrett left this afternoon for Harrisonburg, Va., on an official visit to the Elks' Lodge of that city. He will return to the city Friday morning.

NEWS OF THE DAY

The Swedish cabinet, of which Karl Albert Staaff was premier, resigned yesterday, and King Gustave summoned Baron Gerard Luis de Geer to form a new cabinet. Baron de Geer is governor of Kristianstad and is a senator belonging to the moderate liberal party. The resignation of the cabinet was the result of acute differences of opinion between its members and the king as to the sovereign's right to give free expression publicly to his opinion in political matters without previously consulting the ministers.

The smallpox situation in Baltimore City and county is becoming alarming. In the city there are now at the quarantine hospital about forty cases, while nearly as many suspects are detained at Sydenham Hospital. The total number of cases of smallpox in the county is thirty-five, and seven suspects.

An earthquake lasting from 15 to 30 seconds and disturbing particularly what are geologically known as the Devonian and Silurian sections of the northeastern parts of the United States, took place shortly after 1:30 yesterday being especially severe in the central and northern parts of New York State. Virtually all of New York State,felt the shock, and New England generally, lower eastern Canada, and parts of New Jersey and Eastern Pennsylvania were shaken, Tremors were recorded as far south as Washington and as far west as St. Louis. One life was lost as a result of the shocks in Binghamton N. Y. The tremors caused a cavein of a trench four feet deep in the basement of the Willey Building, and Rocco Parse, a laborer, was killed.

A dispatch from Johannisthal, Germany, says a collision between a biplane and a monoplane over the aerodrome here yesterday caused the death of one German aviator and serious injuries to two others. Gerhard Sedlmayer, an experienced airman, was flying his biplane, carrying as his passenger Lieutenant Leonhardi, of the German army. They were circling the aerodrome at a height of about 100 feet when their machine was crashed into by a monoplane in which Degner, a pupil at the flying school, was making his first independent flight. Both machines fell and when the men were extricated from the wreckage it was found that Degner was dead and the other two grave ly hurt.

TIRED OF LIFE

Business College Student, Commits Suicide.

Richmond, Feb. 11—Roland M. Joyner, twenty-three years old, of Farmville, N. C., who has been attending a local business college in this city since January 6th, committed suicide early yesterday in a house at 211 Mayo Street by shooting himself through the right temple with a .32 caliber revolver. Death was instantaneous.

Joyner was in a room alone at the time and was partly dressed. He had just finished eating a bowl of oyster stew when inmates of the place heard a pistol shot and upon rushing to his room found him dead on a bed.

In a wallet found in his coat pocket by Detective Sergeant John Wiley was a brief note written in ink on the stationery of the Corley Musical Company. It read: "Tired of living. Telegraph Mrs. Fannie Joyner Farmville, N. C." Mrs. Joyner, it developed, is the mother of the suicide. Scribbled on the same sheet of paper were several memorandum notes of phonograph records which Joyner had evidently either purchased recently or intended to purchase, Title of these were: "You Made Me Love You," "He'd Have to Get Under, Get Out and Get Under," and "I'll Get you."

IN MEMORIAM.

ALLISON.

In loving remembrance of my dear husband and father, who passed away two years ago today, February 11, 1912:

Call not back the dear departed,
Anchored safe where storms are o'er
On the border land we left him,
Soon to meet and part no more.
When we leave this world of changes,
When we leave this world of care,
We shall find our missing loved one
In our Father's mansion fair.

TUG POTOMAC IN GRAVE PERIL

Fuel Exhausted, Government Boat Liable to be Crushed by Ice.

TO SEND RELIEF SHIP.

Fishing Vessels May Also be Destroyed—Wives and Families Make Earnest Appeals.

Washington Feb 11—Drifting helplessly about, locked in the center of an ice field in the Bay of Islands, the naval tug Potomac is now believed to be without any means of extricating herself. Equipped with provisions intended for the forty Maine fishermen whose fleet is slowly being crushed in the formidable ice jam, scant danger from lack of food confronts the thirty-six members of the tug's crew, but the coal bunkers of the vessel have been exhausted, according to experts.

Officials of the Naval Department have heretofore belittled the fears of those interested in the safety of the crew, but real anxiety and frank concern are admitted today. Deluged with appeals from the wives and families of the crew, Secretary of the Navy Daniels is considering dispatching one of the most powerful vessels in the navy to crush a path through the floe and tow the tug to safety.

Wireless calls sent out at short intervals for forty-eight hours from the station at Sydney, Cape Breton Island have brought no response. One grave danger to the men, according to naval experts familiar with Arctic conditions, is the movement of the ice when it breaks up in the spring. In spite of her rigid steel hull, they said today the Potomac would probably be crushed like driftwood and the destruction of the fishing schooners is almost certain unless heroic measures for the safety of the crews are taken immediately.

BILL PUT TO SLEEP.

Committee Given Charge of Investigation of Soldier's Home.

(Special Dispatch to the Gazette)

Richmond, Feb. 11—By unanimous vote the Senate to-day sent to the committee on public institutions and education the bill passed by the House providing for an investigation of Lee Camp Soldiers' Home. The bill will probably sleep in committee for the remainedr of the session.

CASTILLO CAPTURED.

Outlaw and 14 Followers, Who Caused Death of 51 Passengers on Way to Juarez.

Juarez, Mexico, Feb 11— Maximo Castillo, the Mexican bandit, is being brought from Pearson to Juarez where he and fourteen followers will be executed in the presence of a great throng of Mexicans and Americans, according to dispatches from Pearsons today

Having been captured by the constitutionalist troops near Pearson, the prisoners were summarily condemned to death because they wrecked and burned the Cumbre tunnel and allowed a Mexican Northwestern passenger train to plunge into the debris. Not a person of the fifty-one passenger aboard escaped alive.

General Villa has not completed arrangements for the execution of Castillo, but it is expected it will be attended with considerable formality. the rebel chief is determined to make Castillo's punishment an impressive example of the vengeance which will visit other badits in the northern part of the republic.

BIBLE CONFERENCE.

Rev. Dr. J. L. Allison Delivers Interesting Address Last Night.

Owing to the inability of Rev. Dr. Camden M. Cobern, of Meadeville, Pa., to be present and make an address last night, under the auspices of the Ministerial Association of Alexandria, his place was filled by Rev. Dr. John Lee Allison, pastor of the Second Presbyterian Church. A large congregation was present and Dr. Allison said in part:

"The great need today is a new and comprehensive grasp of the Bible in its length, breadth, scope and significance. As the infallible guide in matters of faith, doctrine and duty, it should be considered the book of books. One encouraging sign of the times is the awakening of an intelligent interest in the study of the Bible, as God's inspired revelation. It appeals to man first by its antiquity as it emerges from the century hoary with age, and in the incomparable book of the ages. It commands attention by its providential preservation, having survived the shock of revolution, and the lapse of centuries, and is essentially today God's word written by inspired men of old.

It challenges our thought of consideration from the moral beauty and sublimity of its teachings and its supreme utility. There is no book comparable to it as a guide and rule of life and conduct, as an inspiration to the faith."

Dr. Allison concluded by earnestly commending a systematic, prayerful devout study of the Bible.

This evening Dr. Frank N. Palmer will speak. He has been instructor in the English Bible for ten years in Winona College. As a teacher of the Bible he has few equals in America. It is expected that a large congregation will hear him.

CHARGES AGAINST HODGES

Committee Hears Friends and Foes of County Superintendent.

Richmond, Feb. 11—The Senate Committee on Nominations devoted a long session yesterday afternoon to a hearing on the question of ratifying the appointment of W. T. Hodges as superintendent of schools of Alexandria County. Prominent citizens of the county preferred charges of malfeasance against Mr. Hodges, and equally prominent citizens came warmly to his support.

Mr. Hodges was appointed last summer by the State Board of Education The specific charge made against him yesterday was that he received, in violation of the law a $600 increase in salary voted him by the school board of Alexandria County over and above the $1,200 a year paid him by the county's Board of Supervisors.

Against Mr. Hodges appeared A. Davis, Jr. and Major E. W. Ewing, both of Alexandria county. They contended that Mr. Hodges violated the law in permitting the school board to pay him the $600 increase over the regular salary for whis he had agreed to work.

Witnesses for Mr. Hodges included two of the three members of the Board of Supervisors, the entire county school board, George H. Rucker, county clerk, and a dozen other prominent citizens. They told the Senate committee that the increase was voted to Mr. Hodges while the later was absent at the university and that he had no hand in influencing the action It was their belief that he was entitled to the increase as reward for his efficient work as superintendent of schools.

The committee took the matter under advisement and will probably report its recommendation to the Senate today or tomorrow. It is regarded as probable that Mr. Hodges will be absolved from all blame, and that his nomination will be confirmed.

WOMEN WILL NOT CALL ON MORGAN

Governor Stuart Will Make Formal Demand For Washington Will.

LETTER THIS WEEK.

Senator Thornton Thinks Banker is Likely to Return Document to Avoid Legal Proceedings.

Richmond, Va., Feb. 11.—The decision to defer action under Senator Thornton's bill, authorizing the institution of legal proceedings for the recovery of Martha Washington's will, which is now in the private collection of J. Pierpont Morgan has been abandoned, and Governor Stuart will shortly make formal request for the return of the document. This course was announced last night by Senator Thornton, who talked the matter over with the Governor.

Under the Thornton bill, which was passed a few days after the general assembly convened, the Governor is directed to request Mr. Morgan to return the will to the archives of Fairfax county, from which it was stolen during the war between the states. If a compliance is not forthcoming within a reasonable length of time, the bill provides, the attorney-general of Virginia shall bring suit for its recovery in the Supreme Court of the United States.

Shortly after the signature of Governor Mann made the bill law, Senator Thornton was advised by the Fairfax county Chapter of the Daughters of the American Revolution that the national organization had expressed the desire that nothing be done until officers of the organization had made an attempt to secure the return of the will in less peremptory manner.

With the desire of the Daughters thus expressed, Senator Thornton, after a consultation with Governor Mann agreed to let the matter rest to await the result of the efforts of the Daughters' organization. It was planned to secure a large number of signatures to a petition, asking for the return of the document, which was to be presented to Mr. Morgan by a delegation of Daughters.

Advices from the Daughters' organization in Fairfax county, received by Senator Thornton last week, reported that it would take between two and three months to secure the required signatures, and recommended that the orignal plan of action be followed. The senator's correspondent declared it to be the general opinion of the organization that it would be wiser to follow the plan outlined by the bill than to wait two or three months and take the added risk of delay.

In this view Senator Thornton concurred. He took the matter up with Governor Stuart on Saturday, and the latter agreed to write to Mr. Morgan in the next few days asking for the return of the will. Senator Thornton thought it probable that Mr. Morgan would accede to the Governor's request and avoid the unpleasantness of a lawsuit.

VIRGINIA ROAD BUILDERS

Addresses by Highway Experts Feature of Initial Program of Association.

Richmond, Feb. 11—The Virginia Road Builders' Association met in convention here yesterday morning in the auditorium of Murphy's Hotel. The delegates were welcomed to the city by Mayor George Ainslie. A large number of members, engineers and supervisors of roads are registered. The convention continues through Thursday.

George P. Coleman, State Highway Commissioner spoke today on "Road Improvement in Virginia," telling what has been done and what is now in progress. Road building in North Carolina was discussed by Dr. Joseph Hyda Pratt, State geologist of North Carolina. "The Valley Turnpike," one of the most famous long distance roads in the south, was the topic of an address by Harry Flood Byrd, president of the Valley Turnpike Company.

WASHINGTONIANS FINED

Visitors Start Row on Electric Train at Late Hour Last Night and Are Arrested

Alexandria is receiving its first taste of disorders due to the passage of the Kenyon bill in Washington. On Tuesday morning, three Washingtonians who had been arrested charged with disorderly conduct in a resort in the northeastern section of the city were fined $10 each by Police Justice Caton. Last night a more serious disturbance took place on the street car which was leaving here at 11:10 o'clock in which a number of Washington men were implicated. After making a tour of the tenderloin district they took the last car from here when a fight broke out between several members of the party. The conductor, trolleyman and motorman of the electric train who were unable to separate the combatants, stopped the train and called for Policeman Roberts and Talbot, who were near the corner of King and Royal streets. The officers boarded the train and placed two men, Louis Aggis and Powhatan Stevens, under arrest. The latter was armed with a blackjack which he threw from the train at the corner of Washington and King streets.

Both men were arraigned in the police court this morning. Aggis was fined $10 for drunken and disorderly conduct and Stevens $25 for carrying concealed weapons.

Since the closing of the Washington "red light" district the floating population of Alexandria after nightfall is increasing in large numbers. Police Justice Caton announced today that heavy fines would be imposed in all cases of disorderly conduct which resulted from a visit to Alexandria's segregated district.

MANY MORE PRIZES.

Large Number of Bank Accounts Can Still be Secured.

Interest in the contest which was inaugurated several weeks ago by the Corby Bakery is increasing. Yesterday George W. Jones and Miss Lida Toliver presented duplicate buttons to the bakery and received a bank book with a deposit of $5 each which had been issued in their name.

The plan of the contest is simple. A button bearing a number was placed in every house in Alexandria. There were also issued fifteen duplicates and when the duplicate numbers are found and presented to the bakery a deposit of $5 given to the holder of each button. The total prizes, therefore amounts to $150. There are still a number of the duplicates outstanding.

Lincoln's Birthday.

The observance of the birthday of Abraham Lincoln will take place at Roberts' Chapel M. E. Church South Washington Street, Thursday evening February 12th at 8 o'clock. Rev. FINED TWENTY DOLLARS

Former Driver of Reliance Hose Wagon Pleads Guilty of Theft

Edward Fornshill, for four years a driver of the Reliance Hose wagon, of the Alexandria Fire Department, plead guilty in Police Court today to the charge of stealing two pairs of rubber boots, valued at $6.50 each, from the engine house. Three pairs of boots have been taken recently, according to the testimony of Wm. H. Bontz, Jr., engineer of the company. One pair was found in the second-hand store of W. W. Simpson and the other at the residence of Fornshill.

Fornshill stated to the court that he had taken the boots and had sold a pair to Simpson. He said that he had no defense to make but that he had lost his position a month ago on account of drinking and needed the money. He denied any knowledge of the third pair of boots.

Justice Caton imposed a fine of $20

DISCARDED BABY.

Infant Placed in Yestibule of House on South Columbus Street.

Shortly afternoon today a newly born female babe was found in the vestibule of the residence of Mrs Margaret S. Barnett, 213 South Columbus street. The police station was notified and Officer Campbell was directed to make an investigation. He soon reached Mrs. Barnett's residence and carried the babe to the Alexandria Hospital. The child was wrapped in a blanket and sweater and weighs about ten pounds, and is vigorous.

The officer later began an investigation, but was unable to ascertain who placed the infant where found.

OBSTRUCTION ON STREET.

(Communicated)

Editor—The Gazette:—

At the northwest corner of King and Royal Streets, adjacent to the mail box, a metal stub (the remains of a former mail box) protrudes above the sidewalk to a dangerous extent. The writer has seen men, women and children trip over this obstruction and has seen more than one shoe cut by its sharp edges. A mail box planted in like manner in the granolithic sidewalk at the northeast corner of Prince and Royal streets was either chopped or wrenched off above the ground when the present up-to-date(?) mail receptacles were installed. The writer saw a citizen come in contact with it about a year ago and when the toe of his shoe was badly mangled he took the bull by the horns, borrowed a sledge hammer in the neighborhood and pounded the obstruction to the level of the walk. It would not take one of City Engineer Dunn's men fifteen minutes to remove a dangerous spot in a sidewalk that is used daily by hundreds. Here's hoping.—

OBSERVER.

Adopts Toney Resolution.

Richmond, Va., Feb. 11.—The House of Delegates yesterday adopted the Toney resolution for an investigation of Lee Camp Soldiers' Home with regard to its expenditures, and especially with regard to the fare and treatment of inmates. The patron of the resolution was careful to state that he did not charge any graft or misappropriation. He had gathered the idea, however, that money was being expended on the grounds which might better have gone to the feeding and clothing of the veterans. The resolution, which calls for a committee of three from the senate and five from the House of Delegates, was communicated to the Senate, and will come up in that body today.

Fine Handmade Willow Furniture

Is now shown here in a larger assortment and has greater space and attention given to its display than at any previous time.

During the past week we have added a number of pieces to our large stock of the finest Handwrought French Willow Furniture, and we invite attention now to the largest, most diversified and altogether interesting exhibition we have ever made.

In making this display we have striven to awake the interest in Willow Furniture which its merit demands. A number of pieces have been stained in green; you will see a very attractive set upholstered in printed linen and various pieces and designs softly finished in exquisite gray enamel with flowered cretonne seat and back cushions, and other pieces are finished with brown stain. The number of treatments possible is innumerable.

The natural beauty of French Willow cannot be denied, and there is a very widely representative showing of armchairs, Magazine Chairs, Rockers, Easy Chairs, Sewing Chairs, Settees, Tables, Trays, Flower Stands, Bird Cages, Lamps, Stools, Sewing trays, &c.

PASSING OF THE FISH WHARF.

The communication of Mayor Thomas A. Fisher to the City Council, printed in full in the official proceedings of the Board of Aldermen, will bring to mind many reminiscenses of that old Alexandria landmark. The Mayor states that the city realized but fifty dollars from this property last year, although within the memory of numbers of persons now living it could at one time calculate upon between two and three thousand dollars yearly from the rental of the wharf.

In the olden time virtually all the fish caught on the Potomac in the spring of the year were brought to Alexandria, and the vicinity now covered with wood and sand piles was a veritable beehive during the months of April and May. Hundreds of persons were employed on the wharves in one capacity or another while many sailing vessels were engaged in the transportation of fish from the lower rivers. After the shores "cut out" the men employed in hauling seines spent their wages in this city, and the yearly harvest of merchants as the aftermath of fishing season was earnestly anticipated.

Times have changed. Instead of transporting fish caught in the spring to Alexandria, the bulk of the catch is cut and packed upon the shores and from these points are sent all over the state by rail. In the olden time people living in all this section of Virginia came here in wagons for their supplies

A fire a few weeks ago eliminated the two main houses on the fish wharf and, from present indications, they will not be rebuilt.

The Mayor in his message suggests that the time has come when Council should adopt measures to preserve the fish wharf, as it is gradually being washed away.

WORLD-WIDE UNREST OF THE DAY.

For the first time in the memory of living man the British Parliament opened yesterday with the shadow of civil war darkening it. The intense interest, not alone national, but world-wide, was reflected in the enormous crowds which gathered in the streets around parliament and thronged the thoroughfares in which King George drove from Buckingham Palace to read the speech from the throne. Among other things the King said:

"It is my most earnest wish that all parties and creeds may heal their dissensions and lay the foundations of a lasting settlement,

"Grave future difficulties are threatened in this matter unless it is handled with foresight and judgment and in a spirit of mutual concession."

There are many turbulent factions in England some dangerous, others mischievous. The suffragettes are but as wasps compared to other organizations, and men who are now endeavoring to keep the government upon a safe course have much with which to contend. Conditions in Ireland are always more or less grave but at present they cause great anxiety. There does not seem to be any likelihood of placating home rulers and Ulsterites, and the outcome is becoming more serious all the time.

Internal conditions in Japan are alarming. The attempt to mob the ministry yesterday and the fighting which continued throughout last night is ominous. Some people allow their dreams to be disturbed by imagining the Mikado is anxious to attack the United States. The Japanese at present seem to have troubles at home sufficient to keep them employed.

Ronald Council, Knights of ... will hold its regular meeting tonight in St. Marys Hall.

SENT ON TO GRAND JURY.

Roanoke, Va., Feb. 11.—Yesterday afternoon at Floyd Court House, the Rev. E. F. Landis, of Price's Creek, Montgomery county, after a hearing before United States Commissioner, J. E. Profitt, was sent on to the United States grand jury on the charge of violating the white slave law by taking a Montgomery woman to Bluefield, where they stopped at a hotel together. Landis was arrested on January 22. He was bailed for appearance for February 17 at Roanoke.

OFFICIAL.
Board of Aldermen.

At a regular meeting of the Board of Aldermen of the City of Alexandria, Virginia, held February 10, 1914, there were present:

F. F. Marbury, Esq., president, and Messrs. Hill, Brill, Ogden, Ballenger, Fitzgerald and Summers.

The following communication was received from Thomas A. Fisher, Mayor, and referred to the committee on Finance and Public Property:

To the Honorable City Council,
Alexandria, Va

Gentlemen:—I have no information as to any law so requiring, but it has been a custom for decades for the committee on public property in the month of February of each year to advertise the rental of the fish wharf At one time for nine months, and later for the year beginning March 1. The members of Council no doubt recall that each year the amount has been less, and last year, February, 1913, the insignificant sum of eighty-one ($81.00) dollars was bid. The committee on public property rejected the bid and instructed the city treasurer not to accept the money from the gentlemen who made the bid and offer. Subsequently some arrangement was made and the wharf has been used for purposes other than for what it was intended. But the fact remains that no money was paid for its use and none offered until October 6th, last, when Mr. George E. Price paid fifty dollars, which, he stated, was to pay rent to October 1st, 1913. This represents the total rent paid to date for the twelve months, March, 1913-14. I made some inquiry last year, August 18th, when there was a squabble as to landing a few watermelons elsewhere, and had partly determined to make the matter the subject of a message in October but deferred doing so, as I thought the present month would be the best and perhaps the committee on public property and finance might consider the question of the rental, sale or lease. No person or persons have any lease on any part or portion of this wharf, and the time is at hand when we should rescue it. I desire to emphasize the fact that what is here stated, is not to be considered as reflecting upon, or, criticising the members of the public property committee. I know they have had much private business to look after and acted as they considered best under all circumstances; yet I think, in the light of experience, we should endeavor to improve conditions and abandon it as a fish wharf, when it is claimed no fish are now shipped in quantities justifying its rental for such purposes.

Very respectfully,
THOS. A. FISHER
Mayor.

The finance committee reported in favor of appropriating $250 towards defraying the expenses of the parade in this city on February 23rd, 1914 the cost of decorating the City Hall to be paid out of this appropriation. The report was adopted by the following vote: Ayes, Messrs Hill, Brill Ogden, Ballenger, Fitzgerald, Summers and Mr. President—7. Noes, 0.

The following resolution was adopted by the following vote: Ayes Messrs. Hill, Brill, Ogden, Ballenger Fitzgerald, Summers and Mr President—7. Noes, 0.

Resolved, That the Corporation Attorney be, and is hereby, authorized and directed to examine the title to the piece or parcel of ground at the southwest corner of West and Queen streets assessed to the estate of Frank Hume, and prepare such papers as may be necessary to carry into effect the purchase of said land for the sum of $3.500.

Sundry bills incurred by the health department were referred to the finance and health committee.

An ordinance to prevent the spilling of illuminating oil on the streets was referred to the committee on streets.

NEWS OF THE OLD DOMINION

ARRESTED FOR CHILD MURDER.

Eighteen-Year-Old Girl and Her Father Taken in Richmond.

Richmond, Va., Feb. 11.—Charged with being fugitives from justice from Lunenburg county, where they, according to papers brought here, "are wanted on the charge of murdering an infant child of the girl," A. T. Auton, 41 years old, and his daughter, Dora Auton, were arrested yesterday afternoon and taken to Lunenburg last night.

The charges against the father and daughter grew out of the finding last Friday of the body of an infant which had been buried under a tree on the farm formerly occupied by the Auton family, near Kunath. Sheriff Scahkleton and Commonwealth's Attorney M. S. Turnbull, Jr., made an investigation, which resulted in the disclosure that the child had been born about January 2. The girl told the police after her arrest that the child died from natural causes a week after its birth.

Lynchburg Socialists.

Lynchburg, Va., Feb. 11.—The Socialists of Lynchburg will put a ticket in the field this year for the two branches of the City Council, one half of which is to be elected on the second Tuesday in June for a term of four years. The matter, it is understood, has already been discussed and at the next meeting of the union steps will be taken to decide upon candidates.

Already two of the members whose terms expired September 1 have indicated their purpose to retire at the close of the term.

While it is hardly to be expected the Socialists can elect a ticket, it will be the first time in years that the candidates named in the Democratic primary have had opposition at the regular election.

MASONS IN SESSION.

Fully 1,000 Gather for Annual Meeting of Grand Lodge of Virginia

Richmond, Feb. 11—With fully 1,000 members in attendance, the annual meeting of the Most Worshipful Grand Lodge of Virginia A. F. & A. M. opened last night at the Masonic Temple. It was one of the largest bodies of Masons ever gathered at one time in Virginia.

The annual address of Grand Master W. L. Andrews, of Roanoke, was received with enthusiasm and approval. It showed continued increase in membership, improved financial condition, and much progress in the work of the lodge.

The Grand Lodge will continue its sessions to-night and to-morrow, when officers for the ensuing term will be elected Grand Master Andrews, who has served two terms, will retire, and P. K. Bauman, of Fredericksburg, deputy grand master, will be elected to succeed him. The remaining officers will be promoted. J. B. Wood, of Charlottesville, will be made deputy grand master; J. Alston Cabell, of Columbia, grand senior warden; H. K. Field, of Alexandria, grand junior warden; Ernest L. Cunningham, of Newport News, grand senior deacon, and the new grand junior deacon will be chosen from the ranks.

This afternoon the Grand Lodge met and went in a body to visit the Masonic Home, near Seven Pines.

URGES NORFOLK'S CLAIM

Government Plans To Establish Atlantic Naval Base in The Chesapeake Bay

Washington, Feb. 11.—Representative E. E. Holland, of Virginia, in a speech before the House Naval Affairs Committee Monday, defending Secretary of the Navy Daniels and the Navy Department experts, who have been charged with "sectionalism" in advocating plans for developing the Chesapeake as a great naval base, Colonel Holland appeared before the committee for the purpose of presenting Norfolk's claims for the proposed $3,000,000 drydock for which Philadelphia and Norfolk are fighting.

Acting Secretary Roosevelt told a large delegation of citizens from Norfolk, Va, today that the Navy Department is firmly behind the movement to construct the drydock in the Virginia city.

Secretary Daniels, after a hearing several weeks ago told a Philadelphia delegation that he favored the Norfolk site recommended by the general board of the navy.

Representative Holland said:

"This is not and should not be made a sectional or political question. I had hoped that the time had come when we could consider questions of this kind in a spirit of broad patriotism and solely with reference to the good of the navy and of the nation. I had believed that the time had come when the narrow sectional spirit of other days had been abandoned, and when, with clearer vision, we could see beyond the limits of our own particular State. But Senator Penrose's statement breathes a selfish, sectional spirit that is indeed regretable,and shows to what extent one's judgement may be warped and controlled by local prejudices and by local influences.

"For 100 years every Secretary of the Navy and every commandant of the yard. with hardly a single exception, has made recommendations for the Norfolk Yard's improvement and extension, and naval boards appointed from time to time to examine and report on its condition have repeatedly declared that no yard belonging to the United States, from its geographica. position, is more important.

SINKING OF MONROE.

Owners of the Nantucket Deny Steamer Caused Recent Sea Disaster.

Norfolk, Va., Feb. 11.—The Merchants and Miners' Transportation Company has filed in the United States Court here a petition for a limitation of liability, under the limited liability acts of the United States, following the $1,000,000 libel brought against its steamer Nantucket, which is alleged to have rammed and sunk the Old Dominion liner Monroe, off the Virginia coast January 30, with the los sof 41 lives,the Monroe and her cargo. The Merchants and Miners denies responsibility for the collision and claims the right to contest this question, but offers to render its steamer for the benefit of creditors in case it should be held liable. It also makes vigorous countercharges against the Old Dominion Steamship Company's steamer Monroe in twleve lengthy specifications.

The effect of this proceeding will be to stop all suits against the Merchants and Miners wherever brought, and require all claimants to come into this proceeding and have their rights adjudicated in it.

The Merchants and Miners emphasize in the limited liability proceedings its contention that the fast speed of the Monroe is, in addit on to other evidence thereof, conclusively shown by the violent manner in which the bow of the Nantucket is wrenched to starboard, which can only be explained, it says, by the rapid progress of the Monroe in that direction at the time of the crash.

Mrs. Nellie Ray, widow of James F. Ray, of New York, one of the victims of the disaster, and who herself narrowly escaped with her life, has brought suit in the state court here against the Nantucket's owners, claiming $50,000 damages for the loss of her husband.

DON'T EXPERIMENT.

You will make no mistake if you follow This Alexandria Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness, and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills is a good remedy to use. No need to experiment It has acted effectively in many cases in Alexandria. Follow the advice of an Alexandria citizen.

Mrs. G. W. Davis, 107 Prince St., Alexandria, Va., says: "I owe my health to Doan's Kidney Pills, I have used them frequently during the past seven years and they have often brought relief after everything else had failed. Doctors treated me for a long while and said my case was a severe one. I had undergone tortures from the complaint and often I was all worn out. When I had almost given up hope, I took Doan's Kidney Pills. They have strengthened me and rid me of my kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. (18).
